

Miracle plant Neem

The age-old wisdom of Ayurveda has recognised Neem for its innumerable healing and beauty benefits. Its purifying, antiseptic and antifungal properties have made it a popular household cure-all as well as a beauty product you can trust with your eyes closed. Neem is greatly effective against skin problems such as acne, pimples and eczema and is also helpful in maintaining healthy hair, scalp and nails. It helps check hair loss and encourage healthy hair growth, is useful in achieving normal nail growth when nails have been left brittle by fungal infection, balances oily scalps and is useful in relieving itchy skin as well as detoxifying and unblocking pores. Neem is highly suitable for those with oily skin or hair. The anti-bacterial properties of Neem ensure that your skin remains healthy and your hair continue to shine and bounce with life.

Blending the vast Ayurvedic knowledge of Neem's benefits with the modern day requirements of a swift but necessary beauty regime, Ayuuri's distinctive range of Neem products are a great and simple way to look good, naturally. In order to maintain our high standards, we choose nothing but the best of the ingredients to give you a premium natural beauty product.

Choosing from a variety of our purifying, soothing and rejuvenating products, you can pamper your skin and hair on a daily basis. Ayuuri Neem Soap and Face Wash is a herbal formulation that gently removes impurities to give a clear and radiant skin. Our soothing Neem face cream suits all skin types and gently replaces skin's lost moisture while making your skin supple and baby soft again.

So, go herbal without any hesitations, Ayuuri is there to take care of you!
